

**#21st Greatest Driver of Pro Stock/Late Model History
Rick Tomasik**

#21 Rick Tomasik— Rick is arguably the top oval driver in Late Model division history. In only six seasons, he was nearly a permanent fixture in the trophy dash while scoring 21 oval main event victories. And he finished in the top ten in season point four times while rarely even running in the Figure 8 each night. But he did capture a lone crossover win on July 16, 1982. Rick's top oval qualifying mark of 13.223 seconds stood for nearly 20 years.
