Train Figure 8 Racing is no stranger to the Indianapolis Speedrome®. But it has been several seasons since we have witnessed the crazy crossover action. The teamwork involved to pilot a grouping of cars chained together is a skill unmatched in motorsports. There are various forms of Train Figure 8 contests. In the past, we have seen a two-car train where the front car is running while the back car, or caboose, is just steering the tandem. Then there have been times where a three-car train is in play. This configuration has both the front and rear cars mechanically sound while the middle car is not running or even occupied. What form of Train Figure 8 Racing will we see May 30? You have to be there to take part!

The Crash-A-Rama Series event will also feature world famous stuntman Jimmy Elvis. The daredevil is noted for jumping over school buses to thrill the fans at each program. Jimmy has a plethora of other challenges in his overflowing bag of tricks. What fantastic feat will Jimmy have ready for the Hoosier audience? For more information, log on to [www.crasharamaseries.com](http://www.crasharamaseries.com). The Crash-A-Rama Series program begins at 7:30pm Sunday night May 30<sup>th</sup> putting a cherry on a Memorial Day Speedrome racing weekend spectacular that is unmatched (see a full listing below).
