

SPEEDROME FIGURE 8 TO BE FEATURED ON LUCAS OIL TV THIS WEEKEND

Indianapolis Speedrome®
Indianapolis, Indiana
March 10, 2010

Remember when the Lucas Oil on the Edge television program invaded the Indianapolis Speedrome® last August? Well now the time has come for that footage to hit the national airwaves. The World's Home of the Figure 8® will be showcased on SPEED TV on Saturday March 13th at 11am as well as Saturday the 27th at 5:30pm. A very enthusiastic crowd showed their Speedrome spirit that night for this important program. And the racers gave their all to help display the signature action that represents the famed short track.

NeWave Productions captured all the angles of the Late Model divisions Phyllis Tunny Memorial Figure 8 held that August 1, 2009 evening. "We love coming to this track", said NeWave Productions Marketing & Operations manager Bernadette Shanahan-Haas. "The Speedrome is the Home of the World Figure 8®. And we are looking over their 2010 schedule and hope to produce more programs from this facility in the future".

The 50-lap main event saw a former Stock champion nearly upset all the best Late Model veterans for the victory. You can see Mark Tunny lead five family members in their quest to capture the coveted trophy. Several track champions put the power down aiming for the top spot in the final results. Whether you are part of the Dossey Posse or the Loud Crowd or you scream for Sizemore or talk about a Tunny, you do not want to miss this show!

Lucas Oil on the Edge is a 30-minute show that airs on SPEED television. The program's sponsor, Lucas Oil, was founded by Forrest and Charlotte Lucas in 1989. The world renowned race fanatics back many racing series and tracks across the United States as well as a NHRA Top Fuel team with driver/son Morgan Lucas who recently won his first national event. The Indiana born entrepreneur also has his company name displayed proudly on the new multipurpose Football stadium downtown, home of the NFL World Champion Indianapolis Colts. The combination between NeWave Productions and Lucas Oil on the Edge has previously broadcast the Greatest Figure 8 Race on the Planet®, the World Figure 8® Championship in 2004 and 2005. We were very proud to have these fines folks at the Speedrome.
