

VOGEL DAIRY TO SPONSOR SPEEDROME JUNIOR FASKART SERIES IN 2010

Indianapolis Speedrome®
Indianapolis, Indiana
January 29, 2010

The Speedrome is very proud to welcome our newest division sponsor, Vogel Dairy. They are just the latest business to get on board for the exciting upcoming 2010 racing season at the World's Home of the Figure 8®. "I am so thrilled about the Junior Faskarts", stated Vogel Dairy owned Larry Vogel. "It is fun to see the next generation of racers compete on the same track as their heroes. Personally it is a pleasure for me to be with my children and grandkids in this family division". The Vogel Dairy Junior Faskarts are regulars on Friday nights with some other select appearances scheduled for their fifth season.

The Vogel's have been competing at the Indianapolis Speedrome® for three generations stretching from the 1970's. With this current business as well as other family enterprises, they have made their mark at the famous fifth-mile. Whether it was the World Figure 8® Championship to forays into Stock and Late Model action, the Vogel name has appeared as a driver, sponsor, or car owner. The latest generation has Josh and Brian Vogel Jr competing in the Junior Faskart series. Brian came on strong at the end of 2009 winning features and the Fall Festival championship. Josh was an Ironman award recipient and is closing in on that first victory. Look for big things from these two in twenty ten.

Vogel Dairy is an organic dairy located just 20 minutes south of Indianapolis in Franklin, Indiana. It is an easy drive from the city and very worth it. The farm itself is open daily from 10 am to 6 pm. They have a great selection of meats, dairy and produce. They have a fantastic line of products for your family in this healthier approach to foods we all need in our daily lives. Stop in and see Patty for more information on their products or ask about taking a farm tour with your family. You can also check them out at the Greenwood Farmers Market. Here is the Vogel Dairy Mission Statement and more from their web site:

We look to educate the public on natural and organics'. We sell certified organic products and seasonal produce. We welcome anyone to share their knowledge and/or opinions with us on organics. When you look for organic products, don't be fooled by labeling such as "all natural", "grass fed", "authentic foods", "heirloom organic". When someone is USDA Certified Organic they are regulated by the United States Department of Agriculture not self-regulated. After seeing what has happened to our economy with de-regulation and more "self regulation" we realize what greed and cutting corners can do and therefore we know the importance of integrity, honesty, and accountability.
